can someone help me with advice on my rx8 engine not starting

Ok so I'm having issues with an rx8, at first I thought it may need a rebuild but as of now I'm not sure. I know that rx7s had leaky injectors that's what I'm leaning towards I'm not sure how common it is for rx8s. Ok, so on with the symptoms. I bought the car flooded, if I shut it off after it's warmed up it will start 2hrs later w/o fiddling with the accelerator or fuel.
