Notes on Mahasweta Devi's "Breast Giver" Primarily a love story? Love is centered on one particular anatomical feature. Is it then, not love, but erotics? Well, the one sex scene in the story has the woman part of the pair., "her body languid with sloth" laying back to say "Yah, do what you want." Pretty hot stuff!

Notes on Mahasweta Devi's "Breast Giver"

She eventually had to accept the fact that the children she had "mothered" and reared had no appreciation or devotion to her. She took being a mother, professionally or not, very serious, and it was her life-long pleasure. She did not feel right without a child at her breast, or in her stomach, or without her breasts being full of milk.

Motherhood Re-defined by Mahasweta Devi in Her Short-Story Breast-Giver. Devi uses the breast and breastfeeding as metaphors for the significance of the woman as a bearer of and nurturer of children with the context of Indian class structure. This sanctified stature faded when she cannot fulfill her duty as a mother and she was relegated to the sideline of society, mocked and oppressed.
