Unit Training Management (UTM) - usacac.army.mil

DTMS is an essential program that facilitates the unit's ability to train and track training. It ties together collective, individual, mandatory, CTT and deployment conducted training and provides commanders with a snapshot of the unit's training status.

Slide 1

Mission Command and Tactical Information Systems Command and Control (C2) systems enable information superiority on the battlefield. They provide the commander with the information to

make effective decisions and they provide the warfighter the capability to access the information necessary to complete their mission.
