I have given only the first rough outlines of a province of a great terra incognita, which lies unexplored before us, and the exploration of which promises a return such as we can at present scarcely appreciate. ~Johann Steenstrup, Danish zoologist, on parasites (circa 1854) This monster isn't David. It's a parasite of some kind. You see, another consciousness inside him.

A lost work is a document, literary work, or piece of multimedia produced some time in the past, of which no surviving copies are known to exist. This term most commonly applies to works from the classical world, although it is increasingly used in relation to modern works. A work may be lost to history through the destruction of an original manuscript and all later copies.

I have just bagged a 2230 from fleabay and am puzzled by it's mains connections. The handbook available from this excellent site, together with all of the photographs that I have found on the web, show the unit having a "fixed" mains supply cable together with 2 mains outlet sockets on the back panel, one switched and one unswitched.
